DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/5/06 has been entered.

Response to Amendment

2. The amendments to Claims 3-4 in the submission dated 10/5/06 are acknowledged and accepted.

Response to Arguments

3. The Applicants' arguments, see in particular Pages 7-8 of the submission, filed 10/5/06, with respect to the rejections of Claims 3-4 under 35 U.S.C. 112, 1st paragraph, in Section 5 of the Office Action dated 7/10/06, have been fully considered and are persuasive. The rejections of Claims 3-4 in Section 5 of the Office Action dated 7/10/06 have been withdrawn.

Allowable Subject Matter

4. Claims 3-4, 7-10 are allowed.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance:

Claims 3-4 are allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest an illumination device, as generally set forth in Claims 3-4, the device including, in combination with the features recited in Claims 3-4, a coupling-out optical system which couples out the light emerging from each fiber of the optical fiber bundle at a second end of the optical fiber bundle, the light emerging from the fibers retaining an inhomogeneous intensity distribution of light corresponding to the inhomogeneous distribution created at the entry of the light into the fibers at the first end of the optical fiber bundle; and the homogenizing optical system homogenizing a nonuniform intensity distribution in the image field of the light emerging from the optical fiber bundle, and wherein homogenization occurs only in an intermediate image plane, and this homogenization is performed only by the homogenizing optical system.

Claims 7-10 are allowable over the cited art of record for at least the reasons as previously set forth in Section 11 of the Office Action dated 11/22/05.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
